DIRECTOR’S NOTES

This is such a big show for such a small, all-volunteer production team but we got it done! So many costumes, props, shoes, hats, wigs and set pieces! It has been an absolute joy working with these children ages 6-17 who have been very polite, respectful and helpful during rehearsals. This is our third time producing this show, and it’s been a blast revisiting these fairytale characters with a “twist”. Thank you to all of the parents and guardians who support live theater arts for their children. It really is the best way to promote confidence, creativity and cooperation in children while wearing a big wig, pig nose, duck feet or spork hat.

Enjoy the show!

Rana Teresa Tan
